INTRODUCTION

The Illinois Register is the official state document for publishing public notice of rulemaking activity by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. Rulemaking activity consists of proposed or adopted new rules or amendments to or repealers of existing rules, including those by emergency or peremptory action.

The *Register* also contains Executive Orders and Proclamations issued by the Governor, notices of public information required by State statute, and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies. In addition, the *Register* contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current *Register* volume and a Sections Affected Index listing, by Title of the *Illinois Administrative Code*, each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume. Both indices are action coded and are designed to aid the public in monitoring rules.

The *Register* will serve as the update to the *Illinois Administrative Code*, a compilation of the rules of State agencies. The most recent edition of the *Code* along with the *Register* comprise the most current accounting of the State agencies' rules.

The *Illinois Register* is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1991, ch. 127, pars. 1001 et seq., as amended).

- a) Eligibility for program participation shall not be authorized for any period prior to the month in which application is made.
- b) A household's benefits level for the initial month of certification will be based on the day of the month it applies for benefits. A household shall receive benefits prorated from the day of application to the end of the month. As used in this paragraph, the term "initial month" means either the first month for which an allotment is issued to a household or the first month for which an allotment is issued to a household following any period of at least one month during which the household was not certified for participation in the Food Stamp Program.
- c) For categorically eligible households, (i.e. households in which all members are authorized to receive benefits under the Aid to Families with Dependent Children Program, and/or the Supplemental Security

SUBPART C: FINANCIAL FACTORS OF ELIGIBILITY

Section 121.41 Budgeting Earned Income

- a) When determining eligibility and level of benefits, income received during the month in which the household applies shall be budgeted. However, for those categorically eligible households with a reopened food stamp application, income received during the first month of AFDC/SSI/Interim Assistance/GA eligibility shall be budgeted. When recertified, income which the household anticipates receiving during the certification period starting the month following the expiration of the current certification period shall be budgeted.
- b) The Department shall consider income already received by the household and any anticipated income that is reasonably certain to be received. Income received in the fiscal month prior to the fiscal month of application shall be used as an indication only if income is stable. Anticipated income shall be counted only in the month received. Income which is not certain to be received either on amount or date shall not be counted.
- c) Households anticipating variable income over the certification period shall have their income averaged unless the household requests otherwise.
- d) The earned income of special situation households shall be treated as follows:
 - 1) Self Employed
 - A) Self-employment income which represents a household's annual income shall be averaged over a 12 month period even if the income is received within a shorter period of time during the 12 months.

2) Resident Farm Laborers

A) If resident farm laborers are paid for work done only during the work season and such payments are anticipated to be the only source of income during the year, the income shall be averaged over the 12-month period.

B) If the household receives advance or deferred payments during the non-work season or has income from other sources, the income shall not be averaged but shall reflect the actual receipt of the income.

e) School Contractual Employees

Those households that derive their income in a period of time shorter than one year shall have that income averaged over a 12 month period, provided the income is not received on an hourly or piecework basis.

- 5) A Complete Description of the Subjects and Issues Involved:

The Illinois Hearing Aid Consumer Protection Act requires the Department to develop and administer a hearing aid consumer protection program to protect the hearing impaired from incompetent and dishonest dispensers of hearing aids. This rulemaking allows the Hearing Aid Consumer Protection Board to designate additional subject areas for continuing education courses that are approved for hearing aid dispensers. The rulemaking requires from dispensers, as verification of continuing education units earned, copies of transcripts or certificates of completion from continuing education courses approved by the American Speech-Language-Hearing Association (ASHA) or the National Hearing Aid Society (NHAS).

The rulemaking specifies that the Department will request direct confirmation from ASHA or NHAS of continuing education credit earned, if questions arise as to the authenticity of submitted copies. In addition, the rulemaking deletes from Part 3000, the course sponsor application form and the continuing education course participant's registry card. These forms will continue to be used by the Department, but will no longer be part of the rules.

Section 1025.70 Case-by-Case Resolution

Each grievance involves a unique set of factors which include but are not limited to: the specific nature of the disability; the essential eligibility requirements, the benefits to be derived, and the nature of the service, program or activity at issue; the health and safety of others; and, whether or not an accommodation would constitute a fundamental alteration to the program, service or activity or undue hardship on the Agency. Accordingly, termination of a grievance at any level, whether through the granting of relief or otherwise, shall not constitute a precedent on which any other complainants should rely.

- 11) Difference(s) between proposal and final version:
There were no changes made to the proposal.
- 12) Have all the changes agreed upon by the agency and JCAR been made as indicated in the agreement letter issued by JCAR?
Yes.
- 13) Will this amendment replace an emergency amendment currently in effect? No.
- 14) Are there any amendments pending on this Part? No.
- 15) Summary and Purpose of Amendments:

The current rule requires the application of the statutory maximum amount of \$1,000 per violation to determine the amount of penalty to be assessed. This results in extremely high penalty amounts for violations which frequently do not merit such punitive measures. Experience has shown us that applying a lower

dollar amount per violation enables the Commission to achieve substantial compliance without unduly punishing the violating carrier. We are recommending that the rule be amended to lower the multiplier to \$300 per violation. The proposed language is contained in the attached Appendix.

Section 1440.20 Procedure for Determining Civil Penalties

- a) Persons found to have committed one or more violations for which civil penalties may be assessed shall be entitled to have such civil penalties determined in accordance with the following procedure.

- 1) A numerical value of from 0 to 5 shall be assigned to each of the following factors:

- A) the standard of lack of mitigating circumstances;
- B) the standard of lack of good faith or intent;
- C) the standard of ability to pay;
- D) the degree of harm to the public -- extent of violative conduct;
- E) the financial benefit accruing to the respondent.

- 2) the values assigned shall be summed. The sum shall be divided by the maximum possible weighted value per violation (25) and then multiplied by the maximum possible statutory penalty-per violation (\$1000) \$300 per violation. The result will be the civil penalty which the Commission

The party subject to the motion for sanctions shall have 14 days after service of the motion to respond or withdraw the paper or position that is the basis of the motion. Such motions shall be filed no later than 7 days after receipt of the last brief scheduled to be filed with the Board, or no later than 7 days after oral argument before the Board, if such argument occurs after all briefing is completed. Sanctions before the Board may be sought for both allegations or denials made without reasonable cause and found to be untrue and/or instances of frivolous litigation.

f) A party may not request sanctions from the Board for alleged frivolous litigation for the purpose of delay or needless increase in the cost of litigation before the Executive Director or Administrative Law Judge, unless it requested sanctions from the Executive Director or

l) Suspension and Termination

1) If the Statewide Coordinator believes that a grantee has failed to comply with material terms or conditions of the grant document or this Part, the Statewide Coordinator shall recommend that the Lieutenant Governor suspend the grant and withhold further payments until the grant is terminated or the grantee's non-compliance has been corrected. At his discretion, the Lieutenant Governor may thereupon suspend grant payments effective as of the date that the Statewide Coordinator notifies the grantee in writing of the non-compliance and of the Lieutenant Governor's decision to suspend payments under the grant. The Lieutenant Governor will determine that a grantee has failed to comply with the terms and conditions of a grant when:

A) the Statewide Coordinator has notified the grantee in writing of the non-compliance, and
B) the grantee fails to develop and implement a corrective action plan, which explains corrective action to be taken or presents evidence refuting the deficiencies, within 45 days after the Statewide Coordinator's notice.

2) A grant shall be terminated in the absence of full State funding if the Lieutenant Governor determines that the grantee has failed to comply with the terms and conditions of the grant in whole or in part or if the Statewide Coordinator and the grantee agree to terminate the grant.

m) Hiring of Staff - Funds under the Program may be used for the hiring of staff for the not-for-profit agency operating the certified program to conduct eligible activities. The program coordinator is prohibited from hiring any immediate family member utilizing funds under this program. Immediate family members shall include a spouse, mother, father, daughter, or son.

n) Drug Free Workplace Act - The grantee shall certify that it will comply with the provisions of the Illinois Drug Free Workplace Act (Ill. Rev. Stat. 1991, ch. 127, pars. 132.311 et seq.).

No.7) Do these amendments contain incorporations by reference? No.8) Date filed in Board's principal office: Order adopted July 23, 1992.9) Notice of Proposal Published in Illinois Register:

April 24, 1992, 16 Ill. Reg. 6606

10) Has JCAR issued a Statement of Objections to these rules? No.

Section 9.1(e) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111½, par. 1009.1(e)) provides that Section 5 of the Administrative Procedure Act shall not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

11) Differences between proposal and final version:

The Board has corrected the format of appendices A and B in the table of contents, the format of the authority note, and included the R91-10 and R91-22 rulemakings in the main source note to this Part. The Board has changed the base text to reflect amendments occurring in prior rulemakings R91-10 and R91-22 to the definitions of "coating", "major crushing", "enclose", "excessive release", "fabric coating", "major metropolitan area", "marine terminal", "miscellaneous metal parts and products", "PM-10", "sandplasting", "screening", "shotblasting", "vapor collection system", "vinyl coating", and "volatile organic material", not reflected in the proposed base text. The Board corrects an error incorporated from LIS text in the definitions of "condensable PM-10" (punctuation), "control device" ("absorber" is now rendered "adsorber"), and "organic materials" ("ammonium carbonate rather than "ammonium carbonate"). The proper format to the citation to Subpart T is now used in the definition of "restricted area" and the proper citation to Section 215.109 is used in the note to the definition of "volatile organic material". The proper citations to the 1991 version of the Illinois revised Statutes are used in the definitions of "acid gasses", "automobile", "light-duty truck", and "restricted area".

12) Have all the changes agreed upon by the Board and JCAR been made as indicated in the agreement letter issued by JCAR?

Section 9.1(e) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111½, par. 1009.1(e)) provides that Section 5 of the

POLLUTION CONTROL BOARD

NOTICE OF ADOPTED AMENDMENTS

Administrative Procedure Act shall not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

13) Will these amendments replace emergency amendments currently in effect? No.

14) Are there any other amendments pending on this Part? No.

15) Summary and Purpose of Amendments:

A complete description is contained in the Board's opinion of July 23, 1992 in R91-24, which Opinion is available from the address below. Basically, the overall rulemaking amends Parts 203, 211, 215, 218, and 219 to incorporate the latest version of USEPA's policy of exempting certain compounds from regulation as ozone precursors due to their negligible photochemical reactivity.

Specifically, the amendments to Part 211 add a citation to the present source of the exemptions from the definition of volatile organic materials regulated under Parts 203, 215, 218, and 219. USEPA codified its former "Recommended Policy on the Control of Volatile Organic Compounds" by adopting a definition of "volatile organic compound" at 40 CFR 51.100(s), effective March 4, 1992. See 57 Fed. Reg. 3941 (Feb. 3, 1992). The new reference is to this provision of the Code of Federal Regulations and to the Federal Register adoption of this definition.

16) Information and questions regarding these adopted amendments shall be directed to:

negligible photochemical reactivity.

In particular, the amendments to this Part exempt from the definition of volatile organic compound the full list of negligibly-reactive compounds and classes of compounds presently exempted by USEPA under federal rules. Part 203 sets forth various requirements primarily related to permitting emissions sources. The present amendments harmonize the permitting requirements with Parts 215, 218, and 219, which actually impose emissions limitations for volatile organic compounds throughout the state.

SUBPART A: GENERAL PROVISIONS

Section 203.145 Volatile Organic Compound

"Volatile Organic Compound" means any chemical compound of carbon, released to or present in the atmosphere in a gaseous state, including compounds which are liquids at standard conditions, but excluding the following compounds: methane, ethane, carbon monoxide, carbon dioxide, carbonic acid, metal carbides, metal carbonates, ammonium carbonate, 1,1,1-trichloroethane (methylchloroform), methylene chloride, trichloroethylfluoroethane (Freon 113), trichlorofluoromethane (CFC-11), dichlorodifluoromethane (CFC-12), chlorodifluoromethane (CFC-22), trifluoromethane (FC-23), trichlorotrifluoroethane (CFC-113), dichlorotetrafluoroethane (CFC-114), chloropentafluoroethane (CFC-115). Standard conditions means a temperature of 70 F and a pressure of 14.7 pounds per square inch absolute (psia). "volatile organic material", as that term is defined at 35 Ill. Adm. Code 211.122.

13) Will these amendments replace emergency amendments currently in effect? No.

14) Are there any other amendments pending on this Part? Yes.

Section Numbers	Proposed Action	Illinois Register Citation
215.100	Amendment	16 Ill. Reg. 4682, March 27, 1992
215.123	Amendment	16 Ill. Reg. 4170, March 20, 1992
215.583	Amendment	16 Ill. Reg. 4170, March 20, 1992

15) Summary and Purpose of Amendments:

A complete description is contained in the Board's opinion of July 23, 1992 in R91-24, which Opinion is available from the address below. Basically, the overall rulemaking amends Parts 203, 211, 215, 218, and 219 to incorporate the latest version of USEPA's policy of exempting certain compounds from regulation as ozone precursors due to their negligible photochemical reactivity.

Specifically, the amendments to Part 215 add language included by USEPA at 40 CFR 51.100(s)(2) in the exemptions from the definition of VOM which clarifies that the owner or operator of an emissions source that emits exempted compounds must submit monitoring or testing methods and results demonstrating the amounts of exempted compounds in its emissions. The amendments add a Board note that cites the Code of Federal Regulations and Federal Register source for this rule. The note further directs attention to the definition of "volatile organic material" at 35 Ill. Adm. Code 211.122, which lists the exempted compounds and classes of compounds.

2) Code Citation: 35 Ill. Adm. Code 215

3) Section Numbers: Adopted Action:
215.109 Amendments

4) Statutory Authority: Ill. Rev. Stat. 1991, ch. 111½, pars. 1009.1, 1010 and 1027.

5) Effective Date of Amendments: August 24, 1992

6) Does this rulemaking contain an automatic repeal date? No.

7) Do these amendments contain incorporations by reference? No.

8) Date filed in Board's principal office: Order adopted July 23, 1992.

9) Notice of Proposal Published in Illinois Register:

April 24, 1992, 16 Ill. Reg. 6635

10) Has JCAR issued a Statement of Objections to these rules? No.

Section 9.1(e) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111½, par. 1009.1(e)) provides that Section 5 of the Administrative Procedure Act shall not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

11) Differences between proposal and final version:

The Board corrects the headings to Sections 215.105, 215.108, 215.344, 215.426, 215.439, 215.464, 215.488, 215.489, 215.490, 215.636, and 215.637. The Board corrects the authority note to reflect the proper authorities for this Part. The Board corrects the format of the main source note and add a reference to the emergency amendments in R88-10(A). Substantively, the Board adds language to the preamble to Section 215.109 language parallel to federal language at 40 CFR 51.100(s)(2) that references testing methods and results, that makes it clear that the owner or operator is subject to any monitoring requirement, and that states the purpose for the monitoring. The Board added to the note at the end of this Section references to the basic definition of volatile organic material at 35 Ill. Adm. Code 211.122, which lists the exempted compounds, and to the federal citations to the federal rules that reserve in USEPA the option of independently requiring monitoring for the exempted compounds.

12) Have all the changes agreed upon by the Board and JCAR been made as indicated in the agreement letter issued by JCAR?

Section 9.1(e) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111½, par. 1009.1(e)) provides that Section 5 of the Administrative Procedure Act shall not apply. Because this rulemaking

SUBPART A: GENERAL PROVISIONS

Section 215.109 Monitoring for Negligibly-Reactive Compounds

Any provision of 35 Ill. Adm. Code 211 notwithstanding, the Agency may require an owner or operator to submit monitoring or testing methods and results for any of the compounds listed at 35 Ill. Adm. Code 211.122 as exempted from the definition of "volatile organic material," demonstrating the amount of exempted compounds in the source's emissions, as a precondition to such exemption, where direct quantification of volatile organic material emissions is not possible due to any of the following circumstances which make it necessary to quantify the exempt compound emissions in order to quantify volatile organic material emissions:

- VOMs and exempted compounds are mixed together in the same emissions;
- There are a large number of exempted compounds in the same emissions; or
- The chemical composition of the exempted compounds in the emissions is not known.

Board Note: Derived from the USEPA "Recommended Policy on the Control of Volatile Organic Compounds", as amended at 56 Fed. Reg. 11418, March 18, 1991, and subsequently codified as 40 CFR 51.100(s), as added at 57 Fed. Reg. 3941 (Feb. 3, 1992). See also 35 Ill. Adm. Code 211.122 for the basic definition of "volatile

9) Notice of Proposal Published in Illinois Register:

April 24, 1992, 16 Ill. Reg. 6643

10) Has JCAR issued a Statement of Objections to these rules? No.

Section 9.1(e) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111½, par. 1009.1(e)) provides that Section 5 of the Administrative Procedure Act shall not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

11) Differences between proposal and final version:

The Board corrects the format and spelling of the headings for Sections 218.101, 218.110, 218.405, and 218.405 through 218.405 Appendix D. The Board updates the authority code to reflect the proper authorities. The Board updates to the 1991 version of the Illinois Revised Statutes in the citations that appear in the Section 218.104 definition of "acid gases". The Board makes corrections to various typographic errors in the base text of Section 218.104 definitions. Thus, in the definitions of "bituminous coatings" ("a" changed to "the"), "capture" (spacing), "gross vehicle weight rating" ("valve" changed to "value"), "malfunction" (spacing), "miscellaneous fabricated product manufacturing process" ("pallets" changed to "pellets"), "miscellaneous formulation manufacturing process" (adding conjunction "and"), and "photochemically reactive material" (comma added).

The Board adds new Section 218.113 to codify a portion of the federal rule that is the basis of this rulemaking that was originally inadvertently omitted from Part 218. Rather, the parallel amendments to Part 215 dealt with this federal requirement for monitoring and testing methods and results under certain circumstances. However, Part 215 does not apply in the area in which Part 218 applies. The addition of Section 218.113 takes that monitoring and testing requirement of Part 215, originally intended to have state-wide applicability, and

incorporates it into Part 218, so it applies in the Chicago metropolitan area.

- 12) Have all the changes agreed upon by the Board and JCAR been made as indicated in the agreement letter issued by JCAR?

Section 9.1(e) of the Environmental Protection Act (Ill. Rev. Stat. 1991, ch. 111½, par. 1009.1(e)) provides that Section 5 of the Administrative Procedure Act shall not apply. Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.

- 13) Will these amendments replace emergency amendments currently in effect? No.

- 14) Are there any other amendments pending on this Part? Yes.

218.586	New Section	16 Ill. Reg. 4184, March 20, 1992

- 15) Summary and Purpose of Amendments:

A complete description is contained in the Board's opinion of July 23, 1992 in R91-24, which Opinion is available from the address below. Basically, the overall rulemaking amends Parts 203, 211, 215, 218, and 219 to incorporate the latest version of USEPA's policy of exempting certain compounds from regulation as ozone precursors due to their negligible photochemical reactivity.

Specifically, the amendments to Part 218 incorporate the exemptions from the definition of volatile organic material into the body of rules that governs emissions in the Chicago metropolitan area. This includes incorporating the requirement that under certain circumstances the Agency can require a source to submit monitoring and testing methods and results for negligibly-reactive compounds otherwise exempted from regulation, in order to quantify volatile organic material emissions.

Because this rulemaking is not subject to Section 5 of the APA, it is not subject to first notice or to second notice review by JCAR.
- 11) Differences between proposal and final version:

The Board corrects the headings in the table of contents for Sections 219.101, 219.110, 219.464, 219.480, 219.488, and 219. Appendix A through 219. Appendix D. The Board updates the authority note to reflect the proper authorities. The Board corrects typographical errors in various of the definitions in Section 219.104: "miscellaneous fabricated product manufacturing process" ("pallets" changed to "pellets"), "Maximum theoretical emissions" ("of" to "or"), "roll coater" ((punctuation spacing), "rolling limit" (to singular "limitation"), "set of safety relief valves" (to singular "pressure"), and "volatile organic material" (placement of quotation marks in heading).

The Board adds new Section 219.113 to codify a portion of the federal rule that is the basis of this rulemaking that was originally inadvertently omitted from Part 219. Rather, the parallel amendments to Part 215 dealt with this federal requirement for monitoring and testing methods and results under certain circumstances. However, Part 215 does not apply in the area in which Part 219 applies. The addition of Section 219.113 takes that monitoring and testing requirement of Part 215, originally intended to have state-wide applicability, and incorporates it into Part 219, so it applies in the metropolitan East St. Louis area.

- 15) Summary and Purpose of Amendments:

A complete description is contained in the Board's opinion of July 23, 1992 in R91-24, which Opinion is available from the address below. Basically, the overall rulemaking amends Parts 203, 211, 215, 218, and 219 to incorporate the latest version of USEPA's policy of exempting certain compounds from regulation as ozone precursors due to their negligible photochemical reactivity. Specifically, the amendments to Part 219 incorporate the exemptions from the definition of volatile organic material into the body of rules that governs emissions in the metropolitan East St. Louis area. This includes incorporating the requirement that under certain circumstances the Agency can require a source to submit monitoring and testing methods and results for negligibly-reactive compounds otherwise exempted from regulation, in order to quantify volatile organic material emissions.

SUBPART B: NON-FINANCIAL FACTORS OF ELIGIBILITY

Section 112.9 Client Cooperation
EMERGENCY

a) As a condition of eligibility, clients must cooperate:

- 1) in the determination of eligibility;
- 2) with Department programs conducted for the purposes of acquisition or verification of information upon which eligibility may depend;

Section 112.9(a) (continued)

- 3) in applying for all financial benefits for which they may qualify and to avail themselves of such benefits at the earliest possible date.
- b) Clients are required to avail themselves of all potential resources.
- c) When eligibility cannot be conclusively determined because the individual is unwilling or fails to provide essential information or to consent to verification, the client is ineligible.
- d) Reinstatement
 - 1) Whenever financial aid is reduced or terminated due to the failure of the client to cooperate with the Department and the client, within ten (10) working days after the first day the financial aid would have been available, indicates his or her willingness to cooperate with the Department, the financial aid shall be reinstated in full, retroactive to the date the change or termination of the grant occurred, provided the client is not otherwise ineligible for financial assistance for the period in question.
 - 2) Failure to cooperate includes but is not limited to failure to keep an appointment, failure to attend a meeting, failure to produce proof or verification of eligibility or need in response to a Department request to contact it and failure to be available for a home visit.
 - 3) Whenever a client whose benefits have been reduced or terminated for failure to cooperate contacts the Department about the termination or reduction within ten (10) working days after the first day the financial aid would have been available, the Department shall inform the client that his/her financial assistance will be reinstated if he/she indicates a willingness to cooperate. The client shall be deemed willing to cooperate with the Department when he/she makes contact with the Department for the purpose of speaking to appropriate staff and indicating a willingness to cooperate.
 - 4) The client's willingness to cooperate shall be demonstrated by his/her willingness to attend a rescheduled appointment or meeting, producing needed proof or verification, asking for help in obtaining proof or verification or seeking whatever is needed to determine continued eligibility.

Section 112.9(d) (continued)

5) If the client fails to cooperate a second time for the same reason after being reinstated once under this subsection (d), assistance will not be reinstated again until the client actually cooperates. If the client expresses a willingness to cooperate within ten (10) working days after the first day the financial aid would have been available, and actually cooperates, the financial aid will be reinstated in full as in subsection (d)(1) above.

6) The policy in this subsection (d) does not apply in the case of sanctions imposed due to the failure of a client to participate, as required, in the child support enforcement program (see 89 Ill. Adm. Code 160) or in any educational, training or employment program conducted through the Department (see Sections 112.70 thru 112.82).

e)d) At screening, applicants shall be informed, in writing, of any information they are to provide at the eligibility interview.

f)e) At the eligibility interview or at any time during the application process, when the applicant is requested to provide information in his or her possession, the Department will allow ten (10) days for the return of the requested information. The first day of the ten (10) day period is the calendar day following the date the information request form is sent or given to the applicant. The last day of the ten (10) day period shall be a work day and is to be indicated on the information request form. If the applicant does not provide the information by the date on the information request form, the application shall be denied on the following work day.

g)f) At the eligibility interview or at any time during the application process, when the applicant is requested to provide third party information, the Department shall allow ten (10) days for the return of the requested information or for verification that the third party information has been requested. The first day of the ten (10) day period is the calendar day following the date the information request form is sent or given to the applicant. The last day of the ten (10) day period shall be a work day and is to be indicated on the information request form. It is to be indicated on the information request form that the applicant shall provide written verification of the request for the third party information. If the applicant does not provide the information or the verification that the information was requested by the date on the information request form, the application shall be denied on the following work day.

Section 112.9(f) (continued)

1) Third party information is defined as information which must be provided by someone other than the applicant. An authorized representative or person applying on another's behalf is not a third party but is treated as if he were the applicant.

2) The Department shall advise clients of the need to provide written verification of third party information requests and the consequences of failing to provide such verification.

3) If the applicant requests an extension either verbally or in writing in order to obtain third party information and provides written verification of the request for the third party information such as a copy of the request that was sent to the third party, an extension of ninety (90) days from the date of application shall be granted. The first day of the ninety (90) day period is the calendar day following the date of application. The 90th day must be a work day.

4) If an applicant's attempt to obtain third party information is unsuccessful, upon the applicant's request the Department will assist in securing evidence to support the client's eligibility for assistance.

Section 113.9 Client Cooperation
EMERGENCY

- a) As a condition of eligibility, clients must cooperate:
 - 1) in the determination of eligibility;
 - 2) with Department programs conducted for the purposes of acquisition or verification of information upon which eligibility may depend;
 - 3) in applying for all financial benefits for which they may qualify and to avail themselves of such benefits at the earliest possible date.
- b) Clients are required to avail themselves of all potential resources.
- c) When eligibility cannot be conclusively determined because the individual is unwilling or fails to provide essential information or to consent to verification, the client is ineligible.
- d) Reinstatement
 - 1) Whenever financial aid is reduced or terminated due to the failure of the client to cooperate with the Department and the client, within ten (10) working days after the first day the financial aid would have been available, indicates his or her willingness to cooperate with the Department, the financial aid shall be reinstated in full, retroactive to the date the change or termination of the grant occurred, provided the client is not otherwise ineligible for financial assistance for the period in question.
 - 2) Failure to cooperate includes but is not limited to failure to keep an appointment, failure to attend a meeting, failure to produce proof of verification of eligibility or need in response to a Department request to contact it and failure to be available for a home visit.

NOTICE OF EMERGENCY AMENDMENTS

Section 113.9(d) (continued)

3) Whenever a client whose benefits have been reduced or terminated for failure to cooperate contacts the Department about the termination or reduction within ten (10) working days after the first day the financial aid would have been available, the Department shall inform the client that his/her financial assistance will be reinstated if he/she indicates a willingness to cooperate. The client shall be deemed willing to cooperate with the Department when he/she makes contact with the Department for the purpose of speaking to appropriate staff and indicating a willingness to cooperate.

4) The client's willingness to cooperate shall be demonstrated by his/her willingness to attend a rescheduled appointment or meeting, producing needed proof or verification, asking for help in obtaining proof or verification or seeking whatever is needed to determine continued eligibility.

5) If the client fails to cooperate a second time for the same reason after being reinstated once under this subsection (d), assistance will not be reinstated again until the client actually cooperates. If the client expresses a willingness to cooperate within ten (10) working days after the first day the financial aid would have been available and actually cooperates, the financial aid will be reinstated in full as in subsection (d)(1) above.

e)d) At screening, applicants shall be informed, in writing of any information they are to provide at the eligibility interview.

f)e) At the eligibility interview or at any time during the application process, when the applicant is requested to provide information in his or her possession, the Department will allow ten (10) days for the return of the requested information. The first day of the ten (10) day period is the calendar day following the date the information request form is sent or given to the applicant. The last day of the ten (10) day period shall be a work day and is to be indicated on the information request form. If the applicant does not provide the information by the date on the information request form, the application shall be denied on the following work day.

g)f) At the eligibility interview or at any time during the application process, when the applicant is requested to provide third party information, the Department shall allow ten (10) days for the return of the requested information or for verification that the third party information has been requested. The first day of the ten (10) day

period is the calendar day following the date the information request form is sent or given to the applicant. The last day of the ten (10) day period shall be a work day and is to be indicated on the information request form. It is to be indicated on the information request form that the applicant shall provide written verification of the request for the third party information. If the applicant does not provide the information or the verification that the information was requested by the date on the information request form, the application shall be denied on the following work day.

1) Third party information is defined as information which must be provided by someone other than the applicant. An authorized representative or person applying on another's behalf is not a third party but is treated as if he were the applicant.

2) The Department shall advise clients of the need to provide written verification of third party information requests and the consequences of failing to provide such verification.

3) If the applicant requests an extension either verbally or in writing in order to obtain third party information and provides written verification of the request for the third party information such as a copy of the request that was sent to the third party, an extension of ninety (90) days from the date of application shall be granted. The first day of the ninety (90) day period is the calendar day following the date of application. The 90th day must be a work day.

4) If an applicant's attempt to obtain third party information is unsuccessful, upon the applicant's request the Department will assist in securing evidence to support the client's eligibility for assistance.

SUBPART B: NON-FINANCIAL FACTORS OF ELIGIBILITY

Section 114.9
EMERGENCY Client Cooperation

a) As a condition of eligibility, clients must cooperate:

- 1) in the determination of eligibility;
- 2) with Department programs conducted for the purposes of acquisition or verification of information upon which eligibility may depend;
- 3) in applying for all financial benefits for which they may qualify and to avail themselves of such benefits at the earliest possible date.
- b) Clients are required to avail themselves of all potential resources.
- c) When eligibility cannot be conclusively determined because the individual is unwilling or fails to provide essential information or to consent to verification, the client is ineligible.

a) Reinstatement

- 1) Whenever financial aid is reduced or terminated due to the failure of the client to cooperate with the Department and the client, within ten (10) working days after the first day the financial aid would have been available, indicates his or her willingness to cooperate with the Department, the financial aid shall be reinstated in full, retroactive to the date the change or termination of the grant occurred, provided the client is not otherwise ineligible for financial assistance for the period in question.
- 2) Failure to cooperate includes but is not limited to failure to keep an appointment, failure to attend a meeting, failure to produce proof or verification of eligibility or need in response to a Department request to contact it and failure to be available for a home visit.

Section 114.9(d) (continued)

- 3) Whenever a client whose benefits have been reduced or terminated for failure to cooperate contacts the Department about the termination of reduction within ten (10) working days after the first day the financial aid would have been available, the Department shall inform the client that his/her financial assistance will be reinstated if he/she indicates a willingness to cooperate. The client shall be deemed willing to cooperate with the Department when he/she makes contact with the Department for the purpose of speaking to appropriate staff and indicating a willingness to cooperate.
 - 4) The client's willingness to cooperate shall be demonstrated by his/her willingness to attend a rescheduled appointment or meeting, producing needed proof or verification, agreeing to attempt to obtain needed proof or verification, asking for help in obtaining proof or verification or seeking whatever is needed to determine continued eligibility.
 - 5) If the client fails to cooperate a second time for the same reason after being reinstated once under this subsection (d), assistance will not be reinstated again until the client actually cooperates. If the client expresses a willingness to cooperate within ten (10) working days after the first day the financial aid should have been available, and actually cooperates, the financial aid will be reinstated in full as in subsection (d)(1) above.
 - 6) The policy in this subsection (d) does not apply in the case of sanctions imposed due to the failure of the client to participate, as required, in the child support enforcement program (see 89 Ill. Adm. Code 160) or in any educational, training or employment program conducted through the Department (see Sections 114.120 thru 114.130).
- e) At screening, applicants shall be informed, in writing, of any information they are to provide at the eligibility interview.
- f) At the eligibility interview or at any time during the application process, when the applicant is requested to provide information in his or her possession, the Department will allow ten (10) days for the return of the requested information. The first day of the ten (10) day period is the calendar day following the date the information request form is sent or given to the applicant. The last day of the ten (10) day period shall be a work day and is to be

Section 114.9(e) (continued)

indicated on the information request form. If the applicant does not provide the information by the date on the information request form, the application shall be denied on the following work day.

g) At the eligibility interview or at any time during the application process, when the applicant is requested to provide third party information, the Department shall allow ten (10) days for the return of the requested information or for verification that the third party information has been requested. The first day of the ten (10) day period is the calendar day following the date the information request form is sent or given to the applicant. The last day of the ten (10) day period shall be a work day and is to be indicated on the information request form. It is to be indicated on the information request form that the applicant shall provide written verification of the request for the third party information. If the applicant does not provide the information or the verification that the information was requested by the date on the information request form, the application shall be denied on the following work day.

- 1) Third party information is defined as information which must be provided by someone other than the applicant. An authorized representative or person applying on another's behalf is not a third party but is treated as if he were the applicant.
- 2) The Department shall advise clients of the need to provide written verification of third party information requests and the consequences of failing to provide such verification.
- 3) If the applicant requests an extension either verbally or in writing in order to obtain third party information and provides written verification of the request for the third party information such as a copy of the request that was sent to the third party, an extension of ninety (90) days from the date of application shall be granted. The first day of the ninety (90) day period is the calendar day following the date of application. The 90th day must be a work day.
- 4) If an applicant's attempt to obtain third party information is unsuccessful, upon the applicant's request the Department will assist in securing evidence to support the client's eligibility for assistance.

PROCLAMATION

92-369

PROFESSIONAL SECURITY MONTH

Whereas, security practitioners are dedicated to protecting the assets--people, property, and information--of private industry, government, and public institutions; and

Whereas, the efforts of these professionals have significantly reduced the losses caused by a wide range of crimes committed against banks, schools, hotels, hospitals, museums, retail outlets, and countless other organizations that employ their services; and

Whereas, these security professionals have demonstrated outstanding service in preventing or minimizing losses to the community from natural or man-made disasters such as fires, riots, strikes, and other civil disorders; and

Whereas, the American Society for Industrial Security has designated September 1992 as a time to honor security professionals throughout the world; and

Therefore, I, Jim Edgar, Governor of the State of Illinois, proclaim September 1992 as PROFESSIONAL SECURITY MONTH in Illinois.

Issued by the Governor August 13, 1992.

Filed with the Secretary of State August 20, 1992.

92-370

SCHOOL'S OPEN SAFETY WEEK

Whereas, as another academic year approaches, School Safety Patrol members prepare for the task of guarding busy intersections near schools; and

Whereas, established by the AAA-Chicago Motor Club in 1920, the School Safety Patrol organization has grown into a valuable asset, serving the public nationally and internationally; and

Whereas, Safety Patrol members take pride in having saved countless lives and prevented many injuries in their line of duty, and these responsible individuals soon will be guiding classmates across busy streets and crowded intersections; and

Whereas, all motorists should watch for children at crossings, drive responsibly, obey the rules of the road, and cooperate with Safety Patrol members in order to assist them as they help students cross the streets;

Therefore, I, Jim Edgar, Governor of the State of Illinois, proclaim August 24-28, 1992, as SCHOOL'S OPEN SAFETY WEEK in Illinois.

Issued by the Governor August 13, 1992.

Filed with the Secretary of State August 20, 1992.

92-371

KID SAFE MONTH

Whereas, The National Child Safety Council is dedicated to delivering the message of safety to children nationwide with various educational workshops offered through a program called Kid Safe; and

Whereas, the educational workshops cover a variety of safety topics including fire safety, traffic safety, water safety, emergency first aid, emergency telephone training, and personal safety; and

Whereas, the National Child Safety Council and its Illinois Kid Safe sponsors, comprised of the health care community, emergency services, the American Red Cross, the American Heart Association, the business community, and hundreds of community organizations, are coordinating efforts to deliver the Kid Safe message to thousands of children through a "Kid Safe Illinois-1992" campaign;

Therefore, I, Jim Edgar, Governor of the State of Illinois, proclaim September 1992 as KID SAFE MONTH in Illinois and encourage citizens to take the steps necessary to make Illinois a safe place for our children to live.

Issued by the Governor August 14, 1992.

Filed with the Secretary of State August 20, 1992.

92-372

ILLINOIS JUDICIAL COUNCIL DAY

Whereas, the Illinois Judicial Council is primarily comprised of our state's African-American and Hispanic judges and judicial officers; and

Whereas, the council takes part in many charitable and philanthropic activities to assist the less fortunate individuals in our communities; and

Whereas, the Illinois Judicial Council has 'adopted' a Chicago Housing Authority building. The council provides the residents with food and toys at Christmas, maintains a library in the building, and occasionally visits residents; and

Whereas, the council has demonstrated a commitment to education. It operates a speakers bureau for schools, cosponsors a high school Law Day program with the Cook County Bar Association, and awards scholarships to law students; and

Whereas, the Illinois Judicial Council is holding its Annual Awards and Installation Banquet September 25 at the Palmer House Hilton Hotel in Chicago;

Therefore, I, Jim Edgar, Governor of the State of Illinois, proclaim September 25, 1992, as ILLINOIS JUDICIAL COUNCIL DAY in Illinois and commend the council on its efforts to improve the quality of life for our citizens.

Issued by the Governor August 17, 1992.

Filed with the Secretary of State August 20, 1992.

92-373

EYE EXAM MONTH

Whereas, the precious gift of eyesight is one of the most valuable of the senses; and

Whereas, the National Society to Prevent Blindness has estimated that half of all blindness can be prevented; and

Whereas, citizens should take steps to maintain good vision, such as using protective eyewear and obtaining eye exams on a regular basis. Eye exams may detect vision problems in time to prevent blindness;
